

THE RAIGAD GROUP

- INDUSTRIAL GASES
- CRYOGENIC GAS TANKER LOGISTICS
- PRE-ENGINEERED BUILDING & FABRICATION
- COLD ROLLED STEEL FORMS
- SOLAR ENERGY
- JIO-BP PETROLEUM FRANCHISEE

Established in 1965, The Raigad Group has diversified its business interests across various sectors:

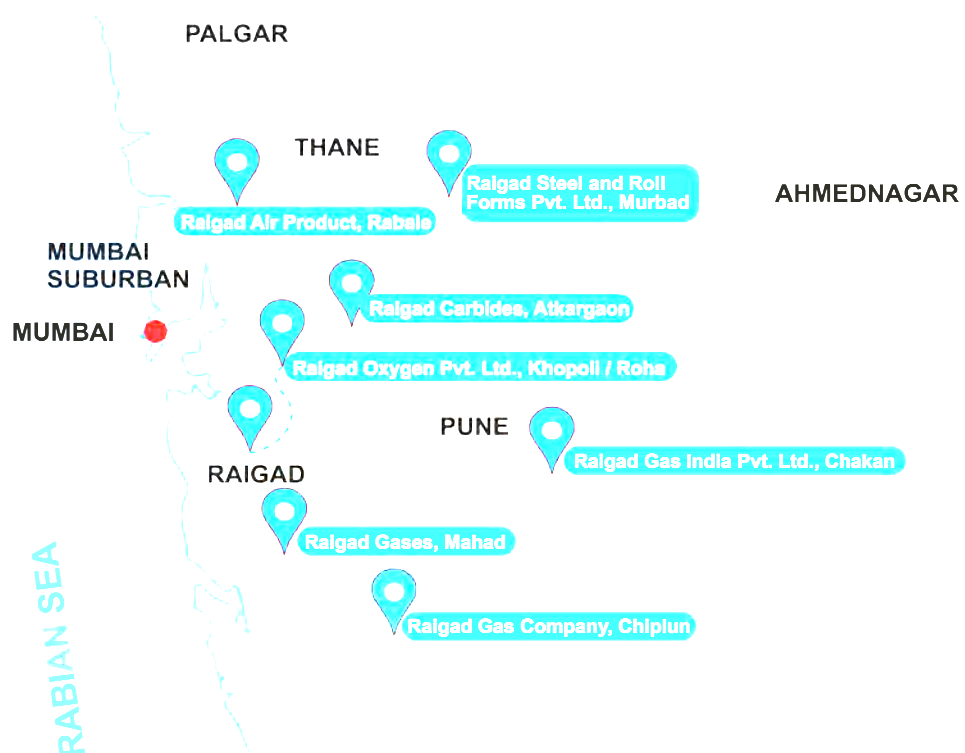

- Industrial and Medical Gas Trading
- Mixed, Calibration and Special Gases
- Fire Suppression Gases
- Gas Allied Equipment Trading
- Pre-engineered Building (PEB) Manufacturing
- Steel Cold Roll Forms
- Solar Energy
- Petrol Pump Dealerships
- Turnkey Consultations for Gas Plants

Since its inception, the group has expanded from a solitary industrial gas trading entity in Khopoli, Maharashtra, to encompass **7 industrial and medical gas refilling and manufacturing units** along the Konkan coastline. Serving diverse sectors including pharmaceuticals, oil and gas, engineering, chemicals, and government projects, our organization has solidified its presence across major industrial hubs in Maharashtra.

Our group entities are extensively engaged in the **manufacturing, refilling, and trading of industrial gases, including specialized mixtures, calibration gases, medical gases such as oxygen and nitrous oxide, Ultra High Purity gases, and refrigeration gases.** As authorized distributors and stockists of Liquid Cylinders (Dura cylinders) and seamless cylinders and associated valves of various top manufacturers of these products, we ensure seamless access to a comprehensive range of gas storage solutions.

Furthermore, our operations extend to the distribution of gas through installation of cryogenic liquid tanks and a fleet of liquid oxygen, nitrogen, argon, and CO2 cryogenic tankers, serving both captive consumption and trading purposes across our home state and neighboring regions.

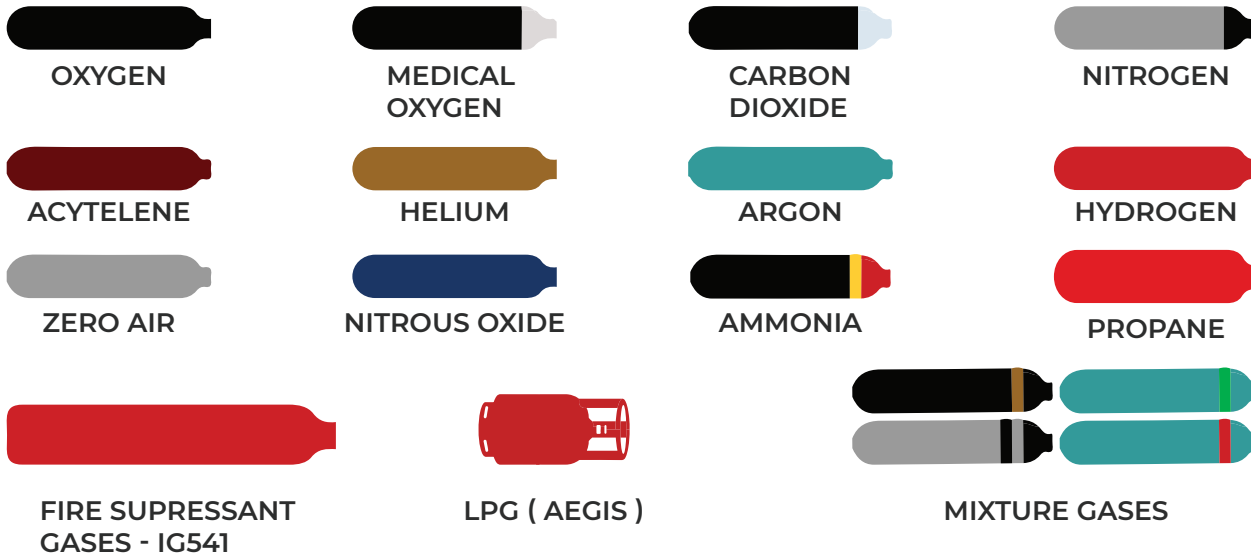

LOCATIONS OF OUR MANUFACTURING FACILITIES

PRODUCTION CAPACITY - M3/HR

FACTORY NAME	LOCATION	O ₂	N ₂	Ar	CO ₂	DA	H ₂
RAIGAD CARBIDES	KHOPOLI	400	400	400	400	45	150
RAIGAD OXYGEN P. L.	ROHA	800	400	400	400	-	-

RAIGAD AIR PRODUCTS	RABALE	400	400	400	400	-	-
RAIGAD GAS COMPANY	CHIPLUN	400	400	-	-	-	-
RAIGAD GASES	MAHAD	400	400	-	-	-	-

MANUFACTURED/ TRADED PRODUCTS

PLEASE NOTE THAT WE CAN PROVIDE ALL OTHER GASES AS WELL IN ALL CATEGORIES : CALIBRATION GASES, SPECIAL GASES, UHP INDUSTRIAL GASES ETC. GLOBALLY.

REFILLING AND HYDROSTATIC TESTING OF FIRE SUPPRESSION CYLINDERS UPTO 300BAR

Our Cryogenic Division boasts a robust **fleet of gas tankers traversing India**, ensuring swift delivery of **Oxygen, Nitrogen, Argon, and CO2** to our diverse clientele. With substantial captive consumption, our tankers uphold ample stock levels, granting us a competitive advantage in availability and service.

Since 2019, as an authorized distributor, we've collaborated with industry titans like Taylor Wharton, alongside other pioneers, to furnish premium cryogenic gas solutions.

TAYLOR WHARTON (AUTHORISED DEALERS SINCE 2019)

KEY FEATURES

- 5-year warranty on vacuum
- Innovative non-binding contents gauge
- Reinforced lateral head support
- Full circle shock-mount ring

OUR SERVICES

- On site repairs of Cryogenic static tanks.
- Vacuum and nitrogen hold test in all cryogenic equipment and tanks Sale & service of all
- Spare parts & consumables
- Seamless cylinder hydro-testing and complete refurbishing in our PESO Certified Test Shop"

LPG - AUTHORISED DISTRIBUTORS

We are proud to announce **our partnership with Aegis India for the distribution of industrial and commercial LPG gas throughout the western region.** Aegis Logistics Ltd. stands as India's premier integrated Oil, Gas & Chemical Logistics company, and among the top LPG Importers and Handlers in the private sector. Operating via state-of-the-art Liquid & Gas terminals across major ports.

AUTHORISED DISTRIBUTORS FOR WESTERN INDIA REGION

DOOR STEP DELIVERY OF FUEL STRATEGIC PARTNERSHIP WITH REPOS

We've been proud **Jio-BP dealers since 2007**, and now we're excited to announce our strategic **partnership with Repos for doorstep fuel delivery.** This collaboration ensures convenient refueling for commercial vehicles, personal vehicles, DG sets, and more. Supported by a robust app, the process is secure and monitored, **dispensing fuel only upon authorization via the app.**

Wireless Gateway

Sensors

WHY PULSA?

Track real time level & pressure levels of all cryogenic tanks on one platform.

Wireless Set-up under 30 minutes per tank.

Economically viable for company-wide deployment

Wireless Cellular Gateway with pre-installed global SIM.

A truly Plug-n-Play Solution.

Raigad Steel and Roll Forms Pvt. Ltd. (RSRF) marked the entry of The Raigad Group into the steel business with the acquisition of "Frontline Roll Forms Pvt. Ltd." - a company involved in the business of **Cold Rolled Steel Forming and Pre-Engineered Buildings since 30 years.**

CBD Metro Station I - 800T I Supply , Fabrication and Erection

Efficiency and Quality:

RSRF's Murbad facility, spanning 50,000 sq.ft with 3 sheds, 6 overhead cranes, and heavy duty production machineries, enables monthly cumulative production of 800-1000 MT.

Comprehensive Solutions:

We offer a one-stop solution for PEB, conventional structures, and CRF sections like Purlins, Channels, and Lip Channels.

Expertise and Innovation:

Backed by a dynamic team and in-house tools, RSRF delivers technically accurate products with top-notch quality and durability.

Pre-Engineered Buildings (PEBs) are building components which are manufactured at the factory and assembled on site. Usually, PEBs are steel structures and can be an alternative to conventional structural steel buildings. A few advantages are:

- **Cost-effective engineering solutions.**
- **Swift construction timelines.**
- **Versatile design options available.**
- **Lighter structural materials utilized.**
- **Enhanced energy-saving features.**
- **Commitment to environmental sustainability.**
- **Long-lasting structural integrity ensured.**
- **Low upkeep and maintenance requirements.**
- **Seamless future expansion possibilities.**
- **Stringent quality control measures applied.**

At our state-of-the-art steel building manufacturing facility, precision is paramount. Our fully automated, computer-aided manufacturing line ensures the creation of top-quality products with unparalleled accuracy. With extensive experience in producing versatile and high-quality goods, particularly for defense applications, RSRF is committed to surpassing the expectations of our esteemed customers.

MACHINERY AT OUR FACILITY

- **H Beam SAW Welding Mc :**
Upto 32mm Flange and 25mm web
- **Hydraulic Shearing Mc:**
Upto 6400mm x 16mm
- **Hydraulic Pressbrake:**
Upto 4300mm x 13mm
- **Portable SAW Machine : 3 wire feeder**
16mm fillet in one run
- **CHS, SHS, I-Beam Radial Bending Mc:**
Upto 200nb x 8mm thickness
- **Plasma Oxyfuel Cutting Mc:**
Upto 25mm x 2500mm x 15000mm
- **Roof Profile Mc: Trapazoidal & Liner**
Width 1000mm and 1200mm
GI Slitting Mc : 0.2mm - 1.2mm
Pressbrake Mc : 0.2mm - 1.6mm
Crimping Mc - Upto 1200mm
- **C-Z Purlin Rollforming Mc - Upto 3mm**
Web from 50mm to 300mm
- **C Channel CRF Mc: Upto 6mm**

SOLAR ROOFTOP SOLUTIONS

The Raigad Group's commitment to clean and sustainable energy is exemplified through RG Clean Energy Co. Established in 2018, RGCEC brings over a decade of expertise in the solar industry.

With 50+ successful rooftop installations in sectors ranging from hospitals to petrol pumps across Mumbai and Pune, we prioritize quality and transparency. As a premier channel partner of Havells Solar Power Products in Maharashtra, we ensure excellence in every project, earning us new opportunities through word-of-mouth referrals.

Specializing in rooftop solar solutions for industrial, commercial, residential, hospital, and retail spaces, we're dedicated to powering a greener future.

WHY GET SOLAR ROOFTOP NOW?

Subsidy upto 25% of total cost of installation

40% depreciation y-o-y for commercial projects

Expected break - even withing 3 yrs

Low Maintainance

Product Life over 15 Yrs.
